Retailers: Amazon · Audible · Barnes & Noble · Book Depository · Books-A-Million · IndieBound · Powell's

THE INVISIBLE ORIENTATION outlines what asexuality is, counters misconceptions, provides resources, and puts asexual people's experiences in context as they move through a very sexualized world. It includes information for asexual people to help understand their orientation and what it means for their relationships, as well as tips and facts for those who want to understand their asexual friends and loved ones.
